

# Beware of imitation products.

※ The products described as " **MINITOR Thailand** " are **NOT MINITOR products**.

Thank you for using our products as always.

Imitation products with our brands " **Minimo** " and " **SENTAN TOOL** " are distributed in Thailand of late.

We regret that the imitation products make some customers confuse and misunderstand because it is hard to distinguish from Minitor products.

There is a risk that imitation products give you disadvantage due to difference of quality standard we declare even though the shapes and appearances are similar to our products.

We kindly ask you to be careful not to purchase imitation products and to specify as " **MINITOR Japan Products** " when you would purchase our Products.

In addition to our logo " **MINITOR CO., LTD. JAPAN** " on package and label, there are some characteristics to discriminate between imitation products and Minitor products as following points:

SENTAN TOOL
